ABOUT ME

Tech-savvy and detail-oriented BPO professional with over 11 years of experience in technical support, administrative assistance, and customer service. Highly proficient in CRM tools such as Salesforce, Zendesk, and Slack, with hands-on experience in email automation, skip tracing, and workflow optimization.

Consistently delivers accurate, timely, and client-focused support in fast-paced environments. Known for strong communication, task management, and problem-solving skills, with a dependable, solution-driven approach that ensures smooth operations and high-quality service delivery.

PROFESSIONAL EXPERIENCE

Technical Support & Administrative Specialist (TSAS)

Foundever

September 2022 - Present

- Provide frontline technical and administrative support for Frontline Education software used by school districts and educational institutions.
- Manage calendar scheduling, meeting coordination, and PTO arrangements for support teams to ensure consistent service coverage.
- Handle client communications including email correspondence, ticket updates, and troubleshooting to resolve software and account issues efficiently.
- Assist in maintaining data accuracy and security in compliance with education industry standards and privacy regulations (e.g., FERPA).
- Coordinate with internal departments and client stakeholders to track issue resolution and project progress.
- Organize and maintain digital records, client documentation, and reports to support smooth administrative workflows.
- Support remote troubleshooting for software users to minimize downtime and enhance customer satisfaction.

PROFESSIONAL EXPERIENCE

Technical Support Specialist

VXI Global

March 2021 - August 2022

- Delivered remote troubleshooting and technical support to a wide range of end-users, utilizing Zendesk and other ticketing tools to efficiently diagnose and resolve software, hardware, and connectivity issues, minimizing downtime and improving user experience.
- Effectively communicated complex technical concepts and step-by-step solutions to non-technical users, empowering customers to understand their issues and preventing repeat tickets, which significantly enhanced customer satisfaction and retention.
- Collaborated with engineering and product development teams by escalating critical technical issues, providing detailed incident reports, and following up to ensure prompt resolution, resulting in improved service reliability and reduced escalation rates.
- Designed, developed, and executed automated email workflows and notification systems within the support platform to streamline communication processes, reduce response times, and improve the overall efficiency of the customer support team.

Customer Service Representative

Telus Int'l Philippines

July 2014 - August 2022

- Managed elite/platinum accounts for Dell Financial Department, ensuring prompt and effective resolution of customer issues and inquiries.
- Assisted customers with account management tasks, including payment processing, billing inquiries, and contract maintenance, maintaining high customer satisfaction levels.
- Coordinated logistics and managed product returns by liaising closely with FedEx, UPS, and Dell's in-house teams to ensure smooth and timely delivery and refund processes.
- Conducted skip tracing activities to locate customers with outstanding accounts, successfully recovering payments and reducing delinquency rates.
- Handled escalations professionally by addressing complex customer concerns and providing solutions aligned with company policies.
- Maintained detailed and accurate records of customer interactions, transactions, and resolutions for audit and quality assurance purposes.
- Collaborated with cross-functional teams to streamline account management processes and improve overall service delivery.

SOFTWARE & TOOLS

salesforce

Aha!

Atlassian Cloud

CERTIFICATION & TRAINING

- TOP Platinum CA Agent
- Milestone Award
- TOP CA Sales Ops-Platinum Rep
- HIPAA Certified
- Coaching for Excellence

ACHIEVEMENTS

- Consistently achieved a customer satisfaction rating of over 95% while managing elite/platinum accounts at Telus International.
- Reduced ticket resolution time by 20% through implementing automated email workflows at VXI Global.
- Streamlined administrative processes, improving calendar and PTO management efficiency for a team of 50+ at Foundever Philippines.

PROFESSIONAL DEVELOPMENT

- Completed training on advanced customer service techniques and technical support best practices.
- Participated in workshops on data security awareness and compliance, aligned with government and education sector standards.
- Ongoing learning in CRM platforms such as Salesforce and Zendesk to enhance efficiency and customer satisfaction.
